INTERESTS

PROFILE

Multilingual professional open to freelancing & contract offers.

Fast learner who adapts to new environments quickly & enjoys solving problems & being challenged.

Recently realised a career change was needed & after self-studying for more than a year now pursuing a degree & a lifelong ambition of becoming a Web Developer.

Industrious, confident with a strong work ethic; who can get the job done, & has experience managing people & working independently.

Loving the remote work environments.

EDUCATION

-**Currently pursuing a BSc (Hons) Web Design & Development.**

-Proficient in **HTML & CSS, with SASS**; working knowledge of **PHP & JavaScript.**

-Familiar with designing & prototyping software such as **Photoshop, Illustrator & Figma**.

-**CMI Level 3 Diploma in Management** by The Chartered Management Institute.

Focused now learning PHP & JavaScript & having fun with **SVG** animations.

WORK

-**Website Administrative Officer** for Edinburgh College since march 2021. Part time contract.

-**Freelance since march 2020;** Design and maintenance of websites for local businesses & individuals using HMTL, CSS & JavaScript and also CMS' such as **Wordpress**, **Wix** and other systems.

-**Freelance Junior Web Developer** for Edinburgh College, helping to develop the new Creative Industries website.

Enjoying the freedom & variety of freelancing, however the desire of working for a company to be able to keep on learning, growing & offering my passion & experience is what I am seeking.

Let's work together!
